Mr. Bernard H. Kamenske
Chief, VOA News Division
HHS Building - North
330 Independence Avenue, S.W.
Room 3238
Washington, D.C. 20547

Thanks very much for arranging to have the latest issue of VOICES sent to me. The feature on the BBC Monitoring Service is pretty well done, I think. That idyllic photo of Caversham Park reminds me of one advantage that our BBC colleagues enjoy. The streets of Rosslyn do not quite seem to match up to the gardens of Caversham Park.

Figure 1. *Phragmites* and *Spartina* coverages in the marshes of the Sacramento-San Joaquin River Delta, California, 1990-1999.
